EDMONTON, ALBERTA, THURSDAY NOVEMBER 23RD., 1893.

SEMI-WEEKLY, 4 PAGES.

## LOCAL.

The Imperial Bank was closed to day.

Social night in the new Methodist parsonage.

Mrs. Stewart of Clover Bar, is ill of typhoid fever.

Thanksgiving service in All Saints church this evening.

P. Ross, druggist, left for Winnipeg on Tuesday train.

Mrs. and Miss de Cazes returned from Chicago last week.

The post office was open to-day from 9 to 10:30 a.m. and after 4 p.m.

Mr. Tait has purchased Jos. Larose's interest in the Eclipse livery stables.

Mr. Goodwin, Methodist missionary at Waskow, arrived on Thursday's train.

Free Press, November 16: This week a party of Swedes from Minnesota passed through Winnipeg for the Edmonton district.

E. HAWKINS, who has been engineer for the Electric Light Company since it began operations, left for the south on last Friday's train.

At a meeting of the Edmonton Fire Brigade held on Friday evening 17th inst. the resignation of C. B. Beals as leader was accepted and Oliver May was elected as leader. A number of new by-laws were also adopted.

ROBERT WELLS arrived from Stratford, Ont., on last Thursday's train to take the engineering at the electric light works. Mr. Wells holds a certificate as an engineer and has had a number of years experience in the management of electric light plants.

P. Ross, druggist, Edmonton, has assigned his business to Messrs. Bale, Wynne & Co., wholesale druggists, Winnipeg, and has gone to Winnipeg to take a position in their establishment there. Leslie W. Leithold, one of the partners of the firm, has taken charge of the business here, until the business can be disposed of by the assignees.

The Edmonton band paraded to St. Joachim's church to-day at ten a.m. in their new uniforms, making a very fine appearance. The occasion was the festival of St. Cecilia, the patron saint of musicians. The day really fell on Wednesday, but the celebration was postponed until to-day on account of this being a public holiday.

The uniforms for the Edmonton band arrived from Philadelphia on Monday last. The coats are the cutaway pattern, dark blue with red facings, brass buttons, and epaulettes. They are worn with a white belt. The caps are high and have a small cockade. The trousers are dark blue with yellow stripe. Twelve uniforms have arrived and will add very materially to the appearance of the band.

There was a good attendance at the Salvation Army light views in Robertson hall on Monday night. The views chiefly related to the rescue work carried on by the Army in the large cities. The proceeds of the entertainments given over expenses went to assist in the rescue work. Mite boxes were also distributed for the purpose of securing contributions to assist in the work.

Messrs. John McKinnon and Jas. Osborne arrived from North Dakota near the Manitoba line about a month ago. They have selected claims at Hay Lake and already have buildings up for the winter. They say that crops varied greatly in North Dakota this year, being from 16 bushels of wheat to the acre down to four bushels. Mr. McKinnon sold his wheat at 28c. a bushel. Both men are going into stock raising for which the Hay Lake country is particularly well suited.

Monday's train had 116 passengers on board chiefly settlers for Waskow and Edmonton. Amongst them were 30 Germans for Stony Plain, and 6 families for Fort Saskatchewan and three men from Minnesota for Leduc. There was also one family direct from England for Edmonton. A large number of settlers also got off at Waskow. The influx of settlers during the past three or four weeks has been very large, much larger than was expected. This is an index of what will be next year after the financial panic in the States has subsided.

Jos. Larose returned from a business trip to Calgary on Monday's train. Mr. Larose has secured the contract of supplying the coal required for domestic purposes to all the stations on the C. & E. line between Edmonton and Calgary, with good prospects of supplying that required between Calgary and MacLeod. He has also arranged with J. McNamara father of P. L. McNamara, Edmonton, to handle coal on W. T. Rees' line, and the first car will be shipped on Friday's train. Mr. Larose expects to ship two cars a week.

MOONSHIN SPECTATOR: The Edmonton Bulletin has just entered on its fifteenth year. Next to the Battle Herald it is the oldest paper in the Territories. The Bulletin's pluck in sticking to its semi-weekly so long is to be admired. The semi-weekly comes high, but we must have it. The people desire it, the place requires it and this establishment is fixed for turning out a semi-weekly newspaper which like "Arctus" words "can work show, is asked by few and excelled by none," (this) \$2.00 a year. Now is the time to subscribe and get all the news up to date.

A woman district to be called Josselburg was organized in the Beaver Hills east of Fort Saskatchewan, on Tuesday, November 14th and Philip Mohr, Jr., Philip Mohr, Jr. and Robert Gilbert were elected trustees. Mrs. Dore was appointed secretary treasurer.

The district includes in township 24, range 21, the north halves of sections 19, 20, 21 and 22, and the whole of sections 27, 28, 29, 30, 31, 32, 33 and 34. In township 24, range 22 the north half of section 24 and the whole of sections 25 and 26. In township 20, range 21, sections 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, and the south halves of sections 14, 15, 17, and 18. This school district includes the Beaver Hills German settlement.

## THANKSGIVING DAY.

WINTER weather, bright and cold, but no snow.

The plastering of the fire hall is nearly finished.

Mrs. Dr. Wilson is recovering from her late illness.

Mr. and Mrs. John Ross left for Saddle Lake on Tuesday.

Thanksgiving service in the Presbyterian church this morning.

J. CAMERON began loading a car of oats on Wednesday afternoon.

The Cartage Company have removed their office to the building next door east of the Bulletin office.

Train left Calgary on time. 1 car groceries, 4 cars wheat, 1 car stock, 1 car sundries, 1 car furniture.

A MEETING to organize under the unincorporated towns ordinance was held in South Edmonton last night.

T. H. SHIELDS, who arrived from Palouse, Washington, last spring and settled at Hay Lakes, has gone to Minnesota as an immigration agent. He left about two weeks ago.

T. HOUTSON arrived from Beaver Lake by way of Cooking lake this week, having brought a band of cattle from Beaver Lake to his ranch at Cooking lake to be fed for the spring market.

C.P.R. WINTER excursion tickets will be sold from the present date up to Dec. 31st good for three months, from Edmonton to any part of Ontario or Quebec as far east as Montreal and return for \$69.00.

The weather turned cold on Tuesday and remained cold during Wednesday, settling the bridge question for the next six months. Even yet however there is a large space of open water just above the lower ferry landing, and on Tuesday evening several teams broke partly through at the crossing at Fraser & Co.'s mill.

At about eight o'clock yesterday morning just before the electric light engine was to be shut down the main shaft of the dynamo broke short off at the bearing. The dynamo fell on the lower magnets, and as it was going at the rate of 1,600 revolutions per minute, did some slight damage before stopping. At the same time the driving belt came off the driving wheel and flew across the building with force enough to knock a man down. Of course the lights went out at once, and what is worse will not come on again until either the new dynamo now on the way from Montreal arrives or until a new shaft is procured and fitted. Beyond the breaking of the shaft no serious damage has been done. An examination of the shaft shows that it had been broken nearly in two for a long time, if indeed it had ever been sound, and that the shaft had been turning the dynamo ever since it was started with only about half an inch of its substance unbroken. The breaking down of the electric light has caused a tremendous furnishing up of old lamps, and the purchase of new ones to such an extent as to exhaust the available supply. It will certainly be ten days or two weeks before the electric light can be turned on again.

THE Montreal Witness is now offering the remainder of the present year free to new subscribers for next year as an encouragement to give that valuable paper a trial.

The Witness, both Weekly and Daily, has, during the year, adopted what it declares to be the model form, with neat, small, convenient pages, being enabled, by the possession of one of the most complete printing presses ever built by the Hoe, of New York, to vary the number of pages at will.

The paper enters the press at two places, on rolls broad or narrow as required, and the newspapers come out at lightning speed folded, passed and cut. Besides the improvement in form, there is a remarkable improvement in typography, the type being set by the wonderful Linotype machine, which attains the speed of five men, and casts a new type face every time. The proprietors invite visitors to Montreal to see these machines. The picture element has so greatly developed in the Witness, that it may now be fairly called an illustrated paper. The Witness has moved to the busiest corner in Montreal, the junction of Henry and St. Peter streets with Craig street, and has a spacious building there which is in some respects as fine a newspaper office as is anywhere to be seen. The price of the Daily Witness is three dollars, and of the Weekly Witness one dollar, while the little pioneer paper, the Messenger, costs only thirty cents.

The November number of The Canadian Magazine—the great monthly of Canada—contains a rich variety of contributions. The articles are timely, well-written, and interesting, and many of them will receive world-wide attention. In Down the Yukon, Wm. Ogilvie, F. R. G. S., continues his story of sub-Arctic explorations, narrating wonderful winter experiences in the country between the Yukon and Mackenzie. In Banana Cultivation in Jamaica, a beautifully illustrated article, Allan Eric tells much that is novel and even surprising. The Battle of the Eclipse, by E. B. Biggar, is a well-told tale of the Isandula slaughter and Rooke's Drift, thrilling in its descriptive power. Pictorially, by Edward Meek, will be read with great interest by every student of political institutions. Mr. Meek thinks that the United States is tending to the establishment of Caesarism, and gives cogent reasons for his opinion. In State Education and Isms, W. P. LeSueur writes well in reply to a former article by J. S. Ewart, Q. C. Other articles are The Old Bastille of Paris, by H. S. Howell; Problems of Home, Winnipeg, by J. L. Payne; Mirage in Western Canada, by Mrs. John Fisher; The Canadian Club Movement, by W. Sandford Evans; Beowulf, the English Homer, by Fred. Horning, of Victoria University, and Peculiarities and Illustrations of Wit, by Dr. T. V. Hutchinson. The fiction is bright and the poetry of considerable merit. The Canadian Magazine with this number enters upon its second volume, with an established place amongst the best magazines of the day. Published by the Ontario Publishing Co., Ltd., Manning Arcade, Toronto. \$2.50 per annum.

The postoffice department is being petitioned for a postoffice to be called Beaver hills, to be situated on section 23, township 54, range 21, west of 4th meridian, Gus Doze, postmaster. The office to be served from Fort Saskatchewan, from which it is distant about ten miles on the short trail from Fort Saskatchewan to Beaver lake.

## PUBLIC NOTICE.

Public Notice is hereby given that at the next

session of the Dominion Parliament an application

will be made on behalf of the Municipality of the Town

of Edmonton for an Act confirming Ordinance No. 22,

of 1893, of the Northwest Territories, subject to any

variations or restrictions that may be prescribed in

or by such Act, and incorporating a joint stock com-

pany for the purpose of operating or of constructing

and operating or of owning, constructing and operating

a tramway in the vicinity of the said Municipality,

or authorizing the incorporating of such a Company

by Letters Patent.

Dated at Edmonton, N.W.T.,

October 26, 1893.

BECK & EMERY, -

Advocates for the Municipality

of the Town of Edmonton.

## BY-LAW NO. 56.

A By-Law to provide for borrowing the sum of

\$6,070 upon the credit of the Municipality.

Whereas it is expedient that there should be raised

by the Municipality of the town of Edmonton the sum

of \$6,070 to enable the Municipality to pay certain

amounts temporarily borrowed and expended for the

following purpose that is to say:—Purchase of

Chemical fire engine \$1,691.55, purchase of hooks

and ladders and other fire apparatus \$285.63, purchase

of site for fire hall \$500.00, purchase of musical instru-

ments for fire brigade band \$338.90, cost of construction

of bridge over Rat Creek \$237.32, and cost of

incidental to land expropriated for the purpose of

improving Jasper Avenue and Namayaw Avenue

\$1,967.60 amounting together to \$5,671.00 the interest

whereon amounts to \$399 making the total of \$6,070.

And whereas the value of the rateable property in

the Municipality, according to the last revised assess-

ment roll is \$957,863.00.

And whereas the amount of the existing debt of

the Municipality, other than for current expenses, is

\$22,499.38 (incurred in respect of local and permanent

improvements) and \$524.74 for interest thereon

making together \$23,024.12 whereof no part is in

arrear.

And whereas it is expedient to borrow the said sum

of \$6,070 by the issue of debentures, the principal

whereof shall be payable within 10 years from the date

upon which the By-Law shall take effect and which

shall bear interest in the meantime payable half yearly

at the rate of five per cent per annum.

And whereas it is expedient to provide for the

repayment of the said principal sum by the

creation of an equal yearly sinking fund.

And whereas the total amount which will be re-

quired to be raised annually by a special rate for repaying

the said debt of \$6,070 by means of a sinking fund as

aforesaid, and the interest thereon as aforesaid is

\$75.00.

And whereas the annual special rate on the dollar

on the rateable property in the Municipality accord-

ing to the last revised assessment roll required as

being sufficient to pay the said interest

and to create the said equal yearly sinking fund for

the paying of the principal is eighty-five one

hundredths of a mill.

Therefore the Mayor and Council of the Municipality

of the Town of Edmonton, Edmonton, Alberta,

enacts as follows:

(1) This By-Law is to take effect on the first day

of November, 1893.

(2) The Mayor and Clerk of the Municipality may

before the credit of the Municipality is debentured

of \$6,070 and may issue debentures of the Municipality

to that amount in sums of not less than \$100

each, and repayable within 10 years from the

first day of November, 1893, with interest

at the rate of five per cent per annum,

payable half yearly; such debentures to be payable

at the office of the Treasurer of the Municipality of

the Town of Edmonton, Edmonton, Alberta,

N. W. T., and to have attached to them coupons for

the payment of interest.

## A BRIDGE.

There is a bridge across the Saskatchew-  
an at last. It is a good wide  
bridge and in a few days it will be a  
good solid bridge. It did not cost  
either the government or the people  
anything, and as long as it lasts it  
entirely fills the bill. The trouble is  
that it will not last more than five  
months and that at the end of that  
period the trouble, expense, risk and  
loss which have been experienced dur-  
ing the past summer and particularly  
during the past month will begin over  
again. It seems that as business in-  
creases and the necessity for a bridge  
is thereby increased the natural impedi-  
ments to travel are also increased.  
Never before has the period between  
the first stoppage of the ferries by ice  
and the final completion of the ice  
bridge been quite as long as it has this  
season. For fully a month traffic be-  
tween the station and the town has  
been carried on under the greatest  
difficulty and with the greatest uncer-  
tainty. Sometimes crossing was by  
ferry and sometimes by fording with  
teams, sometimes only in a small boat  
could crossing be made, and for one  
week goods were taken across in this  
way; hauled by team from the station  
to the river; then loaded into a small  
boat and rowed across; then loaded  
again on teams and hauled into town.  
In the old days when this was done by  
the hundred pounds it did not matter  
much, but now when it is by tons and  
car loads it is a serious matter. It  
seems strange that this great Saskatch-  
ewan river, which is the most attrac-  
tive feature of this grand country and  
of the greatest assistance in many ways  
in promoting its advancement, should be  
allowed to become and remain a barrier  
to trade and settlement and progress  
generally for lack of a traffic bridge, at  
this the point to which all the trails of  
the country converge and at which the  
railroad ends. If the Dominion gov-  
ernment has any responsibility for the  
settlement and development of this  
country and if it feels that responsibil-  
ity, it cannot manifest that feeling or  
do as much in any other way to advance  
development as by building a substantial  
traffic or railway and traffic bridge  
across the Saskatchewan at the earliest  
possible date. If the plea could ever  
be made that the importance of the  
trade to be accommodated would not  
justify the expenditure that plea is  
now barred out. If uncertainty as to  
the termination of the railway ever  
existed it does not exist now. There is  
no reason now existing why a bridge  
should not be built here at government  
expense, and there is every reason why  
it should. Three of the present cabinet  
ministers have seen the situation and  
know from actual observations the cir-  
cumstances of the case. Both of them  
admitted that the necessity of a bridge  
was so great and so evident as not  
to admit of argument.  
If this admission is not followed by ac-  
tion while public moneys are being la-  
vished in other localities on purposes  
not a tenth part as important, we can  
only consider that natural or business  
necessities do not weigh as heavily with  
our present rulers as political exigencies,  
and in future govern ourselves accord-  
ingly. This bridge question has been  
up for consideration for a very long time.  
It has been brought before the attention  
of the government in every possible  
way. The necessity which was great  
at first has increased every year, until  
the lack of a bridge here has become a  
serious drawback to prosperity and pro-  
gress. It is to be hoped that at the  
coming session of parliament a suitable  
appropriation will be made, and that  
the appropriation will be followed, not by  
a period of masterly inactivity such as  
so often follows parliamentary votes of  
money to some useful purpose, but  
by work that will not cease  
until a substantial bridge is  
completed, to the credit of the present  
administration and the benefit of this  
whole far northwestern country.

## WINNIPEG ELECTION.

The election of Jos. Martin yesterday as member for Winnipeg by the substantial majority of 350 is an event in politics the importance of which it would be difficult to overrate. Mr. Martin was not elected because of his politics or his personality. From all accounts both these are objectionable to a majority of the electors of the city. Neither did he buy his election, nor was it bought for him, for if it was bought it was a great waste of money to buy a majority so large as he has received. His election can only be taken to mean that the people of Winnipeg are dissatisfied with the policy pursued by the present government and that they want either a change of policy or a change of government. There is no doubt that if anything could bring about the former it would be Mr. Martin's election. Such an expression of opinion by the city of Winnipeg, which certainly does to a large extent voice the opinions of the Northwest, cannot safely be ignored. If it is possible for the ministers to bring their policy more in line with the requirements of the Northwest before next general election they will certainly do it now. If they do not they can only expect what has just occurred in Winnipeg to be repeated throughout the Northwest, at the first opportunity. Winnipeg has declared its independence of the political leader and judged its candidates by their respective policies and qualifications. It is more than likely that other western constituencies will do likewise.

## SELF-DENIAL WEEK.

Communicated.

Commandant Booth, the Commissioner of the Salvation Army for Canada and Newfoundland, has fixed the date of the annual Self-Denial for November 25th to December 2nd. The proceeds of the Self-Denial effort in Canada and other countries is a remarkable testimony of the Army's progress and development. During this week every member of the Salvation Army, from the Commissioner to the latest recruit, along with the thousands of Army friends, abstain from all luxuries, and indeed a great many of the necessities of life, in order that they may be able during this week to contribute more liberally to the various operations and institutions of the Salvation Army. If imitation is the sincerest form of flattery, then the Salvationists have good reason to be proud of their success in this direction, as the London Missionary Society, Methodist, Primitive Methodists and English Presbyterian Assembly, and the American Episcopal Board of Foreign Missions have all their weeks of Self-Denial. The Salvation Army Self-Denial effort in Canada in 1888 produced \$2,828.93; in 1889 produced \$3,963.16; in 1890 produced \$12,257.18; and last year the steady improvement continued and produced the magnificent total of \$14,080.85. This year as the needs are still greater an extra effort is being put forth and the Commissioner fully expects a substantial increase.

## GENERAL NEWS.

The grandson of the ex-emperor of Brazil has been proclaimed emperor by the rebel admiral Mello.

The Red Deer correspondent of the Calgary Herald wants the Red Deer branch land office kept open during the current winter.

Two well to do young English farmers have disappeared from Glenboro, Manitoba, and it is suspected that they have been murdered.

The engineer and conductor of the Grand Trunk train that was wrecked at Battle Creek, Michigan, recently with such terrible loss of life are to be put on trial for murder.

Lieutenant governor Schultz wrote to Dr. Nansen the supposed to be lost Danish explorer, last spring, advising him to make his start for the north pole from the mouth of the Mackenzie.

Nelson, B. C., and Spokane, Wash., will be connected by an all steel band of standard width and fineness December 1, when the first train on the Nelson & Fort Sheppard railway will connect at Marcus with the Spokane & Northern train.

In connection with the eastern Christmas excursions, the C. P. R. are advertising that tourist cars will be attached to all the trains and will be in charge of a porter. Double berths to Montreal or Toronto can be secured on payment of a small amount.

A big fire occurred in Regina on the morning of Tuesday, November 14th, which destroyed a large number of frame buildings on Broad street near the railway station. The loss is estimated at \$40,000. The buildings were old frames of very little actual value.

Regina has purchased a steam fire engine from the John D. Ronald company for \$3,000 in three equal annual payments with interest at six per cent. The engine is normally rented until the last payment is made. A heater attachment was also purchased at a cost of \$200.

The geological survey department has been informed that a number of gas wells in the vicinity of Port Colborne, which have been exhausted, are now flowing oil. Thirteen of these external gas wells have been acquired by one company, who will develop them as oil producers.

The new passenger rates made by the Canadian Pacific applying in both directions between the Atlantic seaboard and San Francisco went into effect Monday. The first-class rates from San Francisco to Chicago are \$40.45; to St. Paul and Minneapolis, \$39; to New York, \$49; to Toronto, \$40.80, and to Boston \$50.50.

Lieutenant governor Mackintosh arrived at Regina on Saturday November 11th and was presented with an address of welcome by the Mayor and citizens of Regina. The address contained the following pointed and timely allusion: You arrive at a time when nearly all the powers enjoyed by provincial parliaments have been conceded to the Northwest Assembly. Your duties will therefore be more those of a constitutional ruler than was the case with either of your predecessors. But some extension of privileges and powers yet remain before this country can be said to enjoy responsible government in its fulness, and we are sure that a man, who has spent so much of his life in the shadow of the Parliament Buildings at Ottawa and in discussing policies and constitutions, will throw the weight of his voice and office towards completing the work which has been already carried so far. The governor replied in a humorous speech. Only two members of his family accompany him at present, the remainder of his very large family will arrive shortly.

**Winnipeg Free Press:** If the Government intend to materially reduce the duties on those articles affecting the cost of living and the prosperity of business in Manitoba and the Northwest, what rational objection can there be to the election of Mr. Martin? Any attempt the Government may make to meet the requirements of the agricultural community will be vigorously opposed by that section of the Conservative party in parliament which represents the combine, and the ministry would be strengthened in implementing their good intentions by having in the House a bona fide tariff reformer from the heart of the great Northwest. Those people who pull the strings that fetter the west are not neophytes in politics; they are not to be frightened or held back by the election of Mr. Campbell. They paid little heed to Mr. Searn or Mr. Macdonald, they have grown more ravenous and more conscious of their strength as the years have rolled on, and should Mr. Foster endeavor to subdue them by pointing to Mr. Campbell's remarks on the platform, their answer will be conveyed in a derisive smile. With Mr. Martin representing Winnipeg the circumstances of the case would be very much altered. That to use a common expression, would mean business. Mr. Foster would be able to say:—We have had a good deal of fun with these western folk, and as my friends at Washington would say, have played it pretty low down on them, but they've caught on, and have sent this Martin down to show that they won't stand any more humbug. There would be no derisive smile on the faces of the combines at this announcement, and therefore if the Government intend to make substantial reductions they ought logically to welcome the advent of Mr. Martin.

**TOWN COUNCIL.**  
Wednesday Nov. 22.  
Communications were received from the Manitoba board of underwriters reinsurance rate, and from G. R. F. Kirkpatrick re debentures.  
—McLeod—Strang—moved that the letter from G. R. F. Kirkpatrick be referred to the solicitors with instructions to write the bank as to interest paid by Mr. Stinson under protest.  
McDonald—Strang—moved the adoption of the finance committee's report.  
Sanderson—Strang—moved that the board of works be instructed to have a coal storage shed erected in rear of the fire hall, size about 3x14 and that it be covered with corrugated iron, if considered necessary by the insurance agents.  
Strang—Gallagher—moved that the carpenter's risk on the fire hall be renewed for one month and that the cost be charged to the contractor.  
Strang—McDonald—moved that tenders be asked for placing the safe in the clerk's office.

The Regina Leader objects to the purchase of a steam fire engine by the council on the ground that the town has not a sufficient water supply to enable the engine to give good service. The Leader evidently does not take in all the features of the case. The fire that could stand a very slight application of the chemical—and other—compound known as Regina water would be a very vigorous fire indeed. It is of a kind that a very little would go a long way.  
Free Press: Lieutenant governor Royal left last night for Ottawa. He will spend the winter in Montreal with Madame Royal, the latter passing through the city for the east about two weeks ago. On the resignation of Mr. LaRivière, M. P., it is expected Mr. Royal will return, take up his residence in St. Boniface and run for Provencer. This will probably not be until April or May, 1894.

Pakan and Saddle Lake, with the Fort Saskatchewan mail every alternate Monday, counting from June 5th.  
Beaver Lake and Logan with the Fort Saskatchewan mail on the first Tuesday in each month.  
Stony Plain every Saturday.  
The mail arriving at Edmonton office on Monday and Thursday evenings is delivered on Tuesday and Friday mornings.  
The outgoing south mail closes at Edmonton office at 7 p. m. on Monday and Thursday, and arrives from Fort Saskatchewan, Agriolo, Clover Bar and St. Albert at the same hour, on those days. It arrives from Morinville and Nemo on Monday only. From Pakan and Saddle Lake on alternate Thursdays, from Stony Plain on Friday at 7 p. m. and from Beaver Lake and Logan on the first Thursday in each month.  
Mails are also made up at Edmonton for South Edmonton, Wetaskiwin, Lacombe, Wainwright, Red Deer, Bonifant, Bowdoin and Oils on the C. & E. line. The mail for Leduc, P. O. is made up at South Edmonton, and for Hobbick at Calgary.

**HOMESTEAD REGULATIONS.**  
All even numbered sections excepting 8 and 26 are open for homestead entry (160 acres) by any person who is the head of a family, or any male over the age of 18 years.  
**ENTRY.**  
Entry may be made personally at the local land office for the district in which the land to be taken is situated or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to be named by the intending settler near the local office, his intended land entry for him. Entry for 160, or if cancelled land 80.

**DUTIES.**  
Under the present law homestead duties may be performed in three ways, to be decided on making entry:  
1. Three years' cultivation and residence, during which period the settler must not be absent more than six months in any one year without forfeiting the entry.  
2. Residence for three years within two miles of the homestead and actual residence for 3 months in a habitable house next prior to application for patent. Ten acres must be broken the first year after entry, 15 acres additional in the second and 15 in the third year; 10 acres to be in crop the second year, and 20 acres the third year.  
3. A settler may reside anywhere for the first two years, in the first year breaking 5 acres, in the second clearing, soil and breaking additional 10 acres, building a habitable house. The entry is forfeited if residence is not commenced at the expiration of 2 years from date of entry. Thereafter the settler must reside upon and cultivate his land intended for at least six months in each year for three years.

**APPLICATION FOR PATENT.**  
may be made before the local agent, or any homestead inspector.  
Six Months' Notice Must be Given in Writing to the Commissioner of Dominion Lands by a Settler of his Intention for Making Application for Patent.  
PRE-EMPTIONS are by law automatic, and may not be entered for until the 1st of January, 1894.  
A Second Homestead.  
may be taken by anyone who has performed the duties to entitle him to a certificate of recommendation for the first homestead on or prior to the second day of June, 1894.  
Forfeited or cancelled Pre-Emptions may be taken as second homesteads.  
All communications having reference to lands under control of the Dominion Government, lying between the eastern boundary of Manitoba and the Pacific Coast should be addressed to:  
H. H. SMITH,  
Commissioner of Dominion Lands, Winnipeg.

**CHURCHES.**

# THE EDMONTON BULLETIN,

(SEMI-WEEKLY)

## Telegraphic News, General News, Local News, All the News.

### 104 PAPERS

—IN A YEAR FOR—

#### \$2.00.

News of Edmonton and surroundings up to hour of issue.  
News of the world by telegraph up to day of issue and from two to five days ahead of any other paper reaching Edmonton.

Controlled only by the proprietor and therefore always ready and willing to speak out for the good of the town and district.

THE BULLETIN is read more generally throughout the Edmonton district than any other paper.

If you want to do business in the Edmonton district you can reach more of the people with a less expenditure of money through the advertising columns of the BULLETIN than by any other means.

Fair advertising rates charged, and like rates to all parties.

No advertising of a questionable nature admitted if its character is known.

THE BULLETIN Printing office is second to none in the Territories. Only first-class type, machinery and paper employed. Printing of all kinds done promptly, neatly and cheaply. Call and see samples of work, and get prices before ordering your printing elsewhere.

A newspaper is not a producing industry, but if properly conducted it assists and stimulates production and progress more than any other single agency of like cost. Money spent towards the support of a newspaper is almost entirely spent within the town in which the paper is published and is therefore not lost to the business of the town.

The local newspaper represents the district in which it is published to the outside world.

Support your home paper liberally if it deserves support, so that it can give the best possible impression of your town and district as a field for immigration and investment.

There is big money for a new town in having a live and interesting paper.
